

## Perfume making machine

No1

Perfume making machine with one filter

No2

Perfume making machine with two filters

No3

Perfume making machine with one filter

No4

Perfume making machine with two filters

### Technical Parameters:

- \*Volume:100-5000L customizable
- \*Mixing speed:0-1000 r.p.m
- \*Material: SUS304 or 316L

### Main configuration:

- \*Cooling compressor--Danfoss(France)
- \*Pneumatic pump--Sandpiper(USA)
- \*Mixing motor--MBP(Taiwan,China)

## Perfume making machine

No5

Sealed type pneumatic mixing tank

- \*Mixing speed:0-1000 r.p.m
- \*Volume:100-5000L customizable
- \*Material: SUS304 or 316L

No6

Pneumatic mixing tank

- \*Mixing speed:0-1000 r.p.m
- \*Volume:100-5000L customizable
- \*Material: SUS304 or 316L

## Perfume filling machine

No7

Vertical 4 nozzles filling machine

No8

Semi automatic turntable perfume filling capping machine

No9

Automatic filling capping line

## Perfume filling machine

No10

Table top small bottle filling capping

No11

Table top automatic filling machine

No12

Automatic single nozzle filling capping machine

## Perfume filling machine

No13

Pneumatic vacuum filling machine

- \*Filling nozzle: 1 or 2
- \*Filling range: 5-1000ml
- \*Filling type: vacuum negative pressure filling

No14

Electric gear pump filling machine

- \*Filling nozzle: 1 or 2
- \*Filling range: 5-1000ml
- \*Filling type: gear pump filling

No15

Plastic pipe cutting machine

- \*Cutting effect: V or flat shape
- \*Pipe diameter size: 1-8mm
- \*Pipe max length: 50-180mm

## Perfume capping machine

No16

### Pneumatic crimping machine

- \*Crimping mold size:13,15,17,18mm customizable
- \*Applicable bottle size : height 30~300mm width 15~100mm
- \*Pneumatic Components:**Airtac**
- \*Material: aluminum alloy

No17

### Perfume collar ring pressing machine

- \*Pressing mold size:13,15,17,18mm customizable
- \*Applicable bottle size : height 30~300mm width 15~100mm
- \*Pneumatic Components:**Airtac**
- \*Material: aluminum alloy

No18

Manual crimping & collar pressing machine

No19

Manual vials cap pressing machine

## Perfume filter

No20

one stage filter(0.1um 0.22um)

No21

Two stages filter(0.1um 0.22um)

No22

Steel frame filter (0.1, 0.22, 0.3um)

No23

Filter elements (0.1, 0.22, 0.3um)

## Perfume bottle cleaning machine

No24

Bottle air cleaning machine

- \*Speed:30-50 BPM
- \*Bottle mouth diameter: 8mm-88mm
- \*Bottle height: above 30mm
- \*Voltage: 220V 50Hz (customizable)

No25

Automatic bottle air cleaning machine

- \*Cleaning speed:70-100 BPM
- \*Bottle diameter:φ20-100mm
- \*Bottle height:50-250mm
- \*Voltage:220V 50HZ (customizable)

No26

Bottle water cleaning machine

- \*Speed:40-50BPM
- \*Voltage:220V 50HZ (customizable)

## Film wrapping machine & Conveyor

No27

Conveyor belt

- \*Length: 4,6,8 meters customizable
- \*Adjusted height:75cm
- \*Material: stainless steel
- \*Voltage:220V 50HZ (customizable)

No28

Automatic cellophane wrapping machine

- \*Speed: 40-50 BPM
- \*Max film: L420\*W280mm
- \*Box size: L50-200 W20-100 H60mm
- \*Voltage:220V 50HZ (customizable)

No29

Automatic film packing machine

- \*Speed:30-50 BPM
- \*Max film size: 420\*280mm
- \*Box size: L50-220 W20-120 H10-90mm
- \*Voltage:220V 50HZ (customizable)

## Bottle labeling machine

No30

Semi auto round bottle labeling machine

No31

Semi auto flat bottle labeling machine

No32

Automatic round bottle labeling machine

No33

Automatic flat bottle labeling machine

## Pneumatic spare parts

No34

No35-2

No35-4

No35-1

No35-3

No35-5

## Spare parts(VALVE AND CYLINDER)

No36-1

No36-2

No36-3

No36-4

No36-5

No36-6

## Air compressor

No37-1

### Technical specifications

型号Model	2极980-30L
功率Power(W)	750
气缸Cylinder(mm)	63.7x9.6x2
转速Speed(r.p.m.)	2800
压力Pressure(Bar)	7.0
排气量Capacity(L/min)	80
储气罐Tank(L)	30
净重N.W.(KG)	16

No37-2

### Technical specifications

型号Model	2极980x2-65L
功率Power(W)	2250
气缸Cylinder(mm)	63.7x9.6x4
转速Speed(r.p.m.)	2800
压力Pressure(Bar)	7.0
排气量Capacity(L/min)	240
储气罐Tank(L)	65
净重N.W.(KG)	45
